Gentlemen,

I want to thank you for your assistance over the years without which many of my finest landscape plans would not have been realized. I am confident that your firm will implement my plans successfully whenever I recommend you to my clients.

The combination of professionalism and quality work your firm delivers is greatly appreciated. I have seen over many years the concerted efforts to accurately implement designs as drawn, making McNamara Bros. one of the few landscape contractors I trust to follow the plan and supply the plants as specified. I appreciate the steps taken to anticipate problems and discuss changes in order to best achieve the clients goals.

I have been impressed over the years by the principals' direct approach to contracts and honest efforts to maintain clear communication throughout the project. They take contracts seriously and strive for fairness from the beginning through to the completion of the job. This determination is a primary reason for your endurance in an industry so often lacking professionalism. Your principles and customer service have helped make your firm one of the most reliable, quality landscape contractors on Cape Cod.

Thanks again,
